More than 600 delegates from the Utah-Idaho-Wyoming district have registered for the 48th annual Rotary international district No. 542 convention, which is a culmination of the Rotary year's activities, with headquarters at the Twin Falls high school. Some 100 Rotary members registered Monday. Frank J. Earl, Rotary district governor-elect, Provo, was introduced to the group by Arthur M. Roberts, McCall, outgoing district governor. Earl will officially take office July 1 following his installation and district governor training at the Rotary International District Governors convention at Lake Placid, N.Y. He will represent the district at all Rotary International conventions and will visit all 48 Rotary clubs in the district. There are 27 clubs in Idaho, 20 in Utah and the Jackson Hole, Wyo., club.

Cypriots Continuing Pass Battle

NICOSIA, Cyprus, April 13 (AP)—Fighting between Greek and Turkish Cypriots continued today for the third day in Kyrenia. But there still was no sign the Greeks have launched an all-out onslaught against the Turkish pass.

Gunfire sounded again about 1 a.m. after an overnight lull. U.N. spotter plane flying over the craggy ridge, where both sides are well entrenched, reported a "lot of activity."

Firing also was reported near the Turkish Cypriot village of Embos, at the foot of ancient St. Hilarion. Castle, a Turkish stronghold, was under attack. A U.N. spokesman said the Turks began the Kyrenia battle by firing on villages. The U.N. moved in a platoon of British paratroopers after the Greeks warned they would strike back or force unless the Turks abandoned their stronghold.

Writer Tells Of Cypriot Front Line

(Editor's note: UPI correspondent J. M. Kelley's report of the Cypriot front line is being carried in the following column.)

By RAY J. MOLONEY
WISKEY PEAK, Cyprus, April 13 (AP)—As Greek and Turkish Cypriots fought each other with machine guns, mortars and rifles, I climbed for hours today to reach a peak overlooking the strategic Kyrenia pass.

The peak is one of three straddling the Nicosia-Kyrenia highway which runs north of Turkish Cypriot strongholds and to the important port of Kyrenia. The peaks have been dubbed Whiskey, Brandy and Gin by Canadian troops of the United Nations peace force.

At the top of Whiskey peak I found a small band of Turkish Cypriots—about 25 of them—angling in from 15 to 35 feet, defending the pass against an estimated 450 Greek Cypriots.

Both the Turks and a five-man Canadian patrol sent to investigate the fighting said the Greek Cypriot concentration was the strongest battle formation since the crisis began in December.

The Greek Cypriot attack appeared designed to break the Turkish Cypriot control of the pass and thereby isolate the Turkish national army contingent dug in along the highway.

The advance Turkish Cypriot positions were within 200 yards of the advanced Greek Cypriot positions.

The commander of the Turkish Cypriots, about 30 years old, who refused to give his name, alleged that the Canadian patrol made no real attempt to stop the Greek Cypriot attack.

The Turkish Cypriot leader, talking as we lay facedownwards to avoid the bullets whistling overhead, said the Greek Cypriots tried to use the cover of the U.N. flag to advance.

The Turkish Cypriot forces on Whiskey are mainly former Turkish Cypriot officers and men of the Cypriot army. But they include some police and some youths.

Two tents and some twisted trees provide a shelter from the wind and rain just below the firing line.

Shoshone Man Dies Of Exposure

SHOSHONE, April 13—Joseph A. Murphy, 57, Shoshone, died of exposure sometime between midnight and 7:30 a.m. Sunday in Shoshone.

Murphy's body was found in the barrow pit along state highway 24 east of Shoshone by Stephen Michael and James Shockey, both Shoshones, who were on their way to work at Idaho Grange Wholesale.

According to Lincoln County Sheriff Thomas Conner Murphy was apparently walking around the barrow pit when he fell into the barrow pit where he fell asleep.

He was born Sept. 30, 1906, in Anaconda, Mont., and moved to Shoshone in 1910. He was a veteran of World War II and was a member of the Catholic church.

Survivors include two brothers, Jerry Murphy, Bellevue and John Murphy, San Francisco.

Rosary will be recited at 8 p.m. Tuesday at the Bergin funeral chapel. Burial will be held Wednesday at 10 a.m. Wednesday at St. Peter's Catholic church with the Rev. John Rafferty as celebrant. Final rites will be held in the Shoshone cemetery.

Red Professor Reconsiders Asylum Plea

CAMBRIDGE, Mass., April 13 (AP)—A Soviet professor who was granted asylum in the United States last January after fleeing or jumping from a building at Harvard university has returned to the Soviet Union, the Boston Globe said today.

The newspaper said Yuri Asseyev, 35, former professor at the University of Leningrad, left by plane for his homeland Sunday after reconsidering his plea for asylum.

Water Study Chairman Says State Plan Needs More Work

IDAHO FALLS, April 13 (AP)—The chairman of the special state water study committee says much work remains to be done before his group can come up with a plan for state development of water.

William S. Holden also warned that Idaho is vulnerable to loss of its water and must protect it despite assurances that California isn't seeking it.

He commented on assurances by Dr. J. J. Sloan, Palmdale, Calif., that his state government has no designs on Snake river water.

But Holden said Southern California is interested in getting water diverted to Arizona because it must give up some of the water it now gets from Arizona as a result of the Colorado river decision in the U.S. supreme court.

"It is a smart move for California to try to supplement Arizona's supply," said Holden. "Idaho has got to move ahead to assure our own destiny."

Holden said he had conferred last week with Dean Phillip Peterson of the University of Idaho law school, a member of the drafting committee for the Idaho plan.

He said much remains to be done before a plan can be presented to the full committee.

"There are many complexities and there can't be any errors," said Holden. "Everything will have to be weighed."

ROTARY INTERNATIONAL District No. 542 Governor-Elect Frank J. Earl, Provo, right, is receiving a gavel from District Governor Arthur M. Roberts, McCall. Earl will assume duties as district governor July 1. He will visit the 48 clubs in his district, 27 clubs in Idaho, 20 in Utah and the Jackson Hole, Wyo., club. The annual convention is being conducted at the Twin Falls high school library. (Times-News photo)

Tornadoes Kill 6, Injure 50 As They Snake Through Midwest

KANSAS CITY, Mo., April 13 (AP)—Dazed survivors, picked through the rubble of homes and business buildings today in the wake of tornadoes that slashed through eastern Kansas, western Missouri and southwestern Iowa. Six persons were killed and at least 50 were injured. Most of the twisters snaked out of thunderstorms that could be seen for miles in the late afternoon—otherwise the toll could have been greater.

Two lines of the storms bracketed Kansas City—one to the northwest, the other southeast—and rolled rapidly to the northeast.

Crew Is Chosen for 2-Man Space Flight

HOUSTON, April 13 (AP)—Maj. Virgil I. Grissom and Lieut. Cmdr. John W. Young were selected today as the astronauts who will pilot the nation's first two-man space flight—a three-orbit Gemini mission late this year. The back-up crew for the first manned flight of Project Gemini will be Cmdr. Walter M. Schirra, jr., and Capt. Thomas P. Stafford. Gemini is the intermediate phase of the long-range training program that has an objective of placing Project Apollo astronauts on the moon within the decade.

Of the four men selected today at the manned spacecraft center, the training base for astronauts, only Schirra has made an orbital flight.

Grissom made a suborbital flight of 142.1 miles downrange from Cape Kennedy Sept. 13, 1961, and Schirra followed with a six-orbit mission Oct. 3, 1962.

Young and Stafford, former test pilots, became astronaut trainees Sept. 17, 1962.

Since the completion of the one-man Mercury flights last year, Grissom has held a primary assignment as coordinator of Gemini affairs with other members of the astronaut team that now totals 29 pilots.

Schirra, now 41, is the oldest of the original seven Mercury astronauts now that Lieut. Col. John Glenn has resigned from the program. Glenn is 42.

Schirra, while concentrating on the Gemini program, has been a coordinator of operations and training.

Young has specialized on the design and development of environmental control systems, survival gear, pressure suits, couches and other personal equipment. Stafford has specialized on communications, instrumentation and range integration.

The flight will be the first American manned effort since Maj. Gordon Cooper orbited the earth 22 times in a Mercury capsule May 15, 1963.

The Gemini program is a bridge between Mercury and the Apollo moon landing project. It was announced Dec. 17, 1961, as a plan to extend the Mercury program with the development of a two-man spacecraft.

Prime objectives of Gemini are to determine man's ability to function for long periods in space and the feasibility of rendezvous and docking in orbital flights.

Okay, Fess up! Who's Runnin' For Congress?

BOISE, April 13 (AP)—Will the stranger with the congressional nominating petitions please stand?

Assistant Secretary of State-Paula Fleener took this question to work with her again Monday.

She said that late Friday an elderly, distinguished-looking man with a mustache came into the office and asked for the nominating petitions.

He didn't say who they were for.

She quotes the stranger as saying only, "I have no comment to make. I want no publicity."

Ruby Lawyers Want More Time

DALLAS, April 13 (AP)—Jack Ruby sat motionless today while his lawyers pleaded for more time to prepare a plea for a new trial.

The defense, now with its third chief attorney, already has filed two motions for a new trial, alleging errors in judicial rulings.

Ruby was convicted March 14 of slaying Lee Harvey Oswald Nov. 24. Oswald was charged with assassinating President John F. Kennedy Nov. 22. Ruby was sentenced to die in the electric chair.

The prosecution told Judge B. Brown that the hearing on the new trial motion must be held by April 29 under the law.

Rusk Tells SEATO War in Viet Nam Could Be Extended

MANILA, April 13 (AP)—U. S. Secretary of State Dean Rusk told a closed session of the Southeast Asia Treaty organization today the United States does not completely rule out extending the war in South Viet Nam, presumably into the communist North. This was reported by U. S. informants after the eight-nation session. They said Rusk laid heavy emphasis on the Viet Nam war, although South Viet Nam is not a member of the mutual defense organization set up 10 years ago to halt communist expansion in Southeast Asia.

Idaho Traffic Takes Big Toll—8 Killed

By The Associated Press

Idaho traffic took one of its heaviest tolls in recent years this week-end when eight persons were killed in a 24-hour period beginning late Saturday night. Three of the victims were members of one family and the grieving husband of another was found dead after apparently taking an overdose of sleeping pills. Topping the list of tragedies was a car-train collision in Boise to another.

Killed when a Boise - Nampa local freight train plowed into their car at the Curtis and Franklin road crossing shortly after 3 a.m. Sunday were Joyce Barney, 20, and Sharon Smith, 20, both Boise, and James C. Fisher, 19, Polatch.

Danny Hornmoechea, 19, of Caldwell, driver of the car, was

T.F. Hospital To Receive Federal Grant

The U.S. public health service has approved a \$62,283 grant of Hill-Burton funds for Magic Valley Memorial hospital.

The money will be used in a \$302,890 project for expansion of laboratory and X-ray facilities. Word of the announcement came from Sen. Frank Church and Rep. Ralph Harding, Idaho Democrats.

Mrs. Irene Oliver, administrator of the hospital, said Monday afternoon due to increased demand for the services from these two facilities, more space is needed. "But right now we are just looking into the possibility of expansion these two departments," she said.

Legion Elects Officers at Area Confab

FILER, April 13—Tommy Walker, Twin Falls, was elected district commander of the American Legion fifth district during its convention Sunday at the Filer American Legion hall.

Norman Leosille, Paul, was elected vice president; Lyle Morton, Burley, sergeant-at-arms, and Vernon Peterson, Oakley, chaplain. The new officers will be installed after the national convention to be held at a later date.

During the business meeting, Legion members passed a resolution to honor at the national convention the man who "in the face of an irate mob did pick up from the dirt and raise the American flag up a flag pole in Ghana, Africa, at the American embassy."

The group voted to ask the representatives from Boys state and Girls state to participate in See 8 Killed, Pg. 2, Col. 8

American Is Killed by Guerrillas

SAIGON, South Viet Nam, April 13 (AP)—A week-end of fierce fighting left at least 100 American killed and 11 others injured, U.S. military authorities reported today. More than 100 South Vietnamese casualties were reported.

A crew member of a U. S. army H21 helicopter was killed by communist groundfire Sunday while it was carrying South Vietnamese troops during a battle in Chuong Thien province, near the southern tip of Viet Nam, 140 miles from Saigon.

The soldier was the 131st American killed in combat in Viet Nam. Seven other U. S. army men, including two officers, were wounded in the battle.

Vietnamese forces suffered about 100 killed, wounded and missing in the day-long battle. Thirty Viet Cong bodies were counted, and many more were believed to have been carried off.

Rails, Unions Renew Confab

WASHINGTON, April 13 (AP)—Railroad union and management negotiators renewed active collective bargaining today, the White House reported, but declined to say whether they made any progress.

White House press secretary George Reedy said the talks were on an issue by issue basis and would probably continue that way for the rest of the day.

The negotiators and federal mediators, meeting in the executive office building next door to the White House, started talking at 10 a.m.

BUREAU TO MEET
GOODING, April 13—Andre James, Gooding attorney, will speak on primary law during the Gooding County Farm Bureau meeting at 8 p.m. Wednesday. The meeting will be held at the Wendell city hall. The public is invited.

Farm work will make some progress this week but below normal temperatures and scattered light showers will not allow sufficient progress to make up for the slow spring start. Ditch burning has been completed and the grass is coming through well. There has been sufficient drying has occurred and alfalfa corrugating and limited suggested planting are activities that can be undertaken in southwest and southcentral sections this week. Eastern sections will be slow in farming work with limited field work and grain planting. Winter wheat has been planted in the west and the corn crop is well on its way. Calving problems this spring have been multiplied due to cold weather. Sheep are beginning to be moved to spring ranges in southwest and southcentral valleys.

Romney Says Johnson Is Wool Puller

WASHINGTON, April 13 (UPI)—Republican Gov. George Romney of Michigan says President Johnson is pulling the wool over the eyes of American voters by being more skillful at politics than at solving the nation's problems.

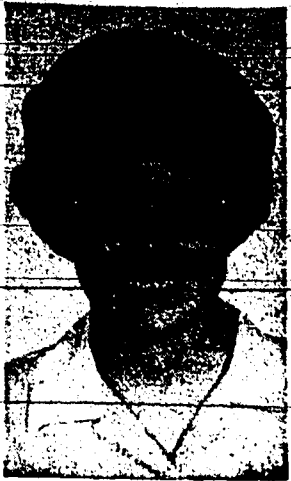

The Michigan leader, a GOP presidential possibility, said Sunday that Johnson was adept at convincing opposing groups he supports each of their positions "whereas their positions are in great conflict."

Romney said the Johnson administration has ignored "economic concentration of power" which he called a fundamental problem confronting the country. He cited the five-year-old dispute between the railroad management and the labor union as an example of a problem he said the nation is "ducking."

The former auto manufacturer also said on a television program that the challenge faced by his own party is to deal with the "fundamental issues" and "position itself to meet the needs of this nation."

Romney said it would be up to the Republican party at its national convention this summer to define clearly where it stands. Whether it will, he said "I don't know."

Romney reiterated that he was not a candidate for the GOP presidential nomination or for any other national office. Despite reports that he might be a vice presidential choice if Ambassador Henry Cabot Lodge Jr. receives the Republican nomination, he said.

Burley Key Club Fetes Kiwanians

BURLEY, April 13—Burley Kiwanis club members were honored guests of the Key club of the Burley high school Friday in the school building.

The sixth annual meeting was called to order by Dennis Mayer, president of the Key club. Invocation was given by Harvey Taylor. Group singing was led by Ralph Rasmussen, Jr.

Jack Cameron reported on the Youth Legislators, YMCA session held at Boise. Others attending from Burley were Rex Carlson, Dall Waymunt and Dennis Mayer.

A humorous reading was given by Lucille Wood and Jerry Allen presented a dramatic reading. They received superior ratings at the state declamation sessions.

Program arrangements were under the direction of Rex Carlson, vice president of the Key club.

Lunch was served in the high school cafeteria following the program.

Captives Are Forced to Hear Castro Speeches
MIAMI, Fla., April 13 (AP)—Making political prisoners in Cuba listen to Fidel Castro's speeches over and over is one of several means used to torture them, a former prisoner says.

Dr. Mario Robau, a physician who said he was assigned to treat fellow inmates in Havana's La Cabana prison, said the speech treatment "breaks the prisoners' nerves."

Dr. Robau, recently arrived by way of Mexico, told a news conference Sunday that another torture was to sic German shepherd dogs on prisoners. The dogs are trained to scratch, he said.

Dr. Robau said he was imprisoned a year ago without charge and released in January.

British Mormon Mission Members Meet New Leader

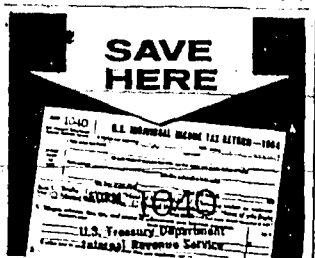

LONDON, April 13 (UPI)—Young members of the British mission of the LDS church Saturday met en masse their new mission president and his wife.

About 1,000 church members and their friends gathered under the golden spire of the Hyde Park chapel in the heart of London to greet President and Mrs. O. Preston Robinson three days after their arrival at British mission headquarters.

President Robinson is the former general manager of the Deseret News Publishing company and editor of the Deseret News and Salt Lake Telegram.

Robinson met a representative cross section of the church's young people in southeast England who came to hear Mormon speakers discuss "Mormonism in the jet age."

YOUR BIRTHDAY and HOROSCOPE

MONDAY, April 13—Born today, you are as tenacious as they come. Once you set yourself a goal, you are loath to stop working toward it, and though you may be interrupted many times—sometimes for long periods—you will always return to your original aim and attempt again to fulfill your first purpose.

It is a rare gift, tenacity. But it may also be a dangerous one, and so you must ever guard against giving up too much that is good in life merely to accomplish a single end. Remember that it is possible that the things you give up are actually more satisfying, perhaps even more worthy than those you go after. It is not always so, of course, but it is worth thinking about!

Emotionally, you have the same one-track mind that you have otherwise, and for this reason there may well be only one real love in your life. Be wise, then, and heed the words of the song: "Once you have found her—(or him) never let her go!" Otherwise you may always regret it.

Among those born on this date are: Harold E. Stassen, American politician; Thomas Jefferson, third President of the U. S.; Eudora Welty, author, critic.

To find what is in store for you tomorrow, select your birthday star and read the corresponding paragraph. Let your birthday star be your daily guide.

High Tides Flood Areas In Anchorage

ANCHORAGE, April 13 (AP)—High tides created by a strong aftershock of Good Friday's disastrous earthquake flooded residential areas of battered Anchorage early today and isolated at least one small community.

Two feet of water surged into some areas, and the Alaska civil defense warned that the deluge may increase to four feet during high tide periods today and Tuesday.

The flooding tides struck Sunday shortly after the sharp tremor rattled furniture and woke many residents of Anchorage. University of Alaska seismologists said the aftershock occurred at 6:36 a.m. (PST) and registered a 6 to 6.5 on the Richter scale.

Three thousand sandbags were airlifted to the town of Portage to ward off tidal flooding near Diamond Jim's Roadhouse, which is serving as a shelter for 50 persons whose homes were destroyed by the Good Friday earthquake.

The community was isolated since the quake and tidal waves which washed out bridges and disrupted the Alaska railroad. Food and clothing have been flown in by the civil air patrol since the disaster.

Bootleggers' Cove, a badly damaged residential section of Anchorage, reported two feet of water in homes bordering the coast.

Seldovia, a fishing community of 500 along the south shore of Kachemak bay on the tip of the Kenai peninsula, reported fears of flooding there.

The town's main street is a narrow board walk, much of it overhanging the water on pilings, and many of the town's homes are on curving inlets of the harbor.

Father Purchases Wrong Medicine, His Baby Dies

CHADDESSEN, Eng., April 13 (AP)—One word misread by a father caused the death of his month-old baby son.

A coroner's inquest was told Friday that Dennis Taylor was advised by a child welfare clinic to buy sodium citrate tablets to settle the baby's stomach.

But at a drugstore, Taylor misread the name and asked for "sodium chloride" tablets instead and the baby died.

The coroner ruled the death accidental.

Campus Rental To Raise Funds For College

AN INTERNATIONAL CELEBRITY ARRIVES AT THE FAIR

The occasion is the New York World's Fair... the scene is the spectacular General Motors Futurama—and the car, of course, is Cadillac.

And the Cadillac car is a standout attraction even in this distinguished international company. Drive any of eleven 1964 models and you'll discover why.

There's Cadillac's magnificent and silent power. A 340-horsepower V-8 engine—most powerful in Cadillac history—generates performance so swiftly that we caution even long-time Cadillac owners to mind their speedometers. There is, in addition, the remarkable

smoothness of our transmissions—an improved Hydra-Matic or new Turbo Hydra-Matic.

There is the luxury of elegantly appointed interiors, together with the great convenience of power brakes and steering (plus power windows on most models) that have turned the 600-mile day into a restful reality.

And there is also investment. Find a fine car, if you can, that returns more than your Cadillac when you choose to sell or trade it.

Visit your Cadillac dealer soon. His selection of international favorites has never been more tempting.

'Tom Jones' Is Favorite for Oscar Award

HOLLYWOOD, April 12 (AP)—The Oscar night tonight and the brilliant movie "Tom Jones" is expected to sweep the Boston Tea Party for Great Britain.

It will be very British at near-by Santa Monica civic auditorium with or without the bawdy farce which most movie people call the best movie since "Citizen Kane."

"Tom Jones" won 10 Academy award nominations and is expected to win a goodly share. Most experts call it a cinch for best picture and best director for Tony Richardson.

Also odds-on favorite to win best actor is Albert Finney, who played the title role of the Henry Fielding classic. He will have potent competition from Sidney Poitier, the great Negro actor of "Lilies of the Field."

Others up for best actor are Richard Harris, the brutish football player of "This Sporting Life"; Rex Harrison—the one who acted while Marc (Richard Burton) Anthony and Cleopatra (Lisa Taylor) wooed—and Paul Newman of "Hud."

Felicita Neal of "Hud" is the favorite among top actresses, but Hollywood likes voting on past performances.

That makes Shirley MacLaine (Irma La Douce) and Natalie Wood (Love With a Proper Stranger) potent contenders. Anyone among the actresses could win without causing an upset.

Leslie Caron ("The Shaped Room") and Rachel Roberts ("This Sporting Life") are other nominees.

Competition for "Tom Jones" as best picture is "How the West Was Won," "Lilies of the Field," "America, America," and "Cleopatra."

ABC-TV will broadcast the show.

Woman Flier Is Nearing End of World Solo Trip

WAKE ISLAND, April 12 (AP)—Jerrine Mock, Columbus, O., is preparing to fly to Honolulu—the next stop in her bid to become the first woman to fly solo around the world.

She arrived here Sunday after an 11½-hour flight from Guam. About 600 persons at this mid-Pacific island greeted her as she stepped from her single-engine plane.

Postal Nudge

WASHINGTON, April 12 (AP)—You probably will get a reminder from the postoffice department in the next few weeks about using your zip code number.

This doesn't mean that the department is unhappy with its campaign to get zip code numbers into general use. Actually, Postmaster General John A. Gronouski said Sunday, public acceptance of the system in its first nine months has "exceeded our fondest expectations."

But reminders will be mailed next week unless a plan to send out notices every six months until the zip code becomes an accepted part of everyone's mailing address.

Opposition Asks Ailing Nehru To Quit Post

NEW DELHI, April 12 (AP)—Charging the Indian government is weak and paralyzed, opposition political groups today called on ailing Prime Minister Nehru to resign.

Both state units of the Socialist and Praja Socialist parties, plus several smaller opposition factions, warned they will open "agitation" in the capital unless Nehru quits by Aug. 15.

South Rhodesia Minister Quits

SALISBURY, Southern Rhodesia, April 12 (AP)—Winston Field resigned today as prime minister of Southern Rhodesia, and British Gov. Sir Humphrey Gibbs named Treasury Minister Ian Smith to succeed him.

Both Smith and Field are members of the conservative Rhodesian Front party, which holds 35 of the 65 seats in the legislature and is pledged to maintain the white minority rule of the self-governing British territory.

Field, in office since December, 1962, lost his party's support because its right wing considered him too moderate. Political circles look for tougher government policies and possibly a declaration of independence from Britain.

News Around Idaho

POCATELLO, April 12 (AP)—Completion of a new ammonium phosphate processing facility at its chemical plant at Pocatello is announced by the J. R. Simplot company. W. Grant Kilbourne, vice president and general manager, said the new unit will more than double the present output of ammonium phosphate fertilizer at the Pocatello plant. He said completion of the facility ends the third phase of a multimillion dollar expansion program announced by the Simplot firm last year.

POCATELLO, April 12 (AP)—Some very minor flooding was reported in areas just south of Pocatello Sunday, but it appeared that the Portneuf river had stabilized below the critical flood level. Sunday readings on the river, which went on damaging rampages in 1962 and 1963, were 8.18 feet at the Fremont street bridge gauge in Pocatello. That was just a fraction of an inch higher than the Saturday reading and well below the critical flood stage of 6.5 feet. The Portneuf went over its banks in the outskirts of Pocatello, but virtually no property damage was reported. Most of the land which was covered with water Sunday is flooded almost every spring as the river rises due to spring run-off.

PRIEST LAKE, April 12 (AP)—Sen. Frank Church, D., Idaho, Sunday said owners of three miles of shoreline on upper Priest lake have agreed to hold up sale of the property to private developers until mid-May. Church told members of the First District Idaho Wildlife Federation that every effort should be made to preserve the area in its natural state. A \$400,000 appropriation for purchase of the shoreline property was turned down last week by the senate appropriations committee but Church said he hopes to amend the bill on the floor of the senate to include the necessary funds. Church proposes purchase of the property by the federal government for transfer to the Kanikulus National forest.

Campaign Is Under Way to Restore Lincoln Murder Site

WASHINGTON, April 12 (AP)—Ninety-nine years ago Tuesday, the curtain went down at Ford's Theater with an awful finality. That was the night it became the most famous-most infamous-theater in America.

The curtain stayed down. The building was never again used as a theater. It was stained forever that night with the blood of President Abraham Lincoln, assassinated while he sat in its presidential box and watched its last play.

But now, there is a strong and possibly winning campaign well under way, with considerable support in congress, to restore the building to what it was the night John Wilkes Booth shot Lincoln.

There is no hope that it can be restored by the time of the centennial of the assassination, April 14, 1965. That had been a target date until a few years ago.

But Col. Randle B. Truett, national park service historian, a dedicated and enthusiastic supporter of the restoration dream, says "We don't have the money—about 2 million dollars—but we will."

There is some difference of opinion as to whether the building should be turned into an active playhouse, in view of the tragedy it symbolizes.

The site was originally occupied by a Baptist church built in 1833. Its physical properties—it could accommodate musical concerts as well as sermons—attracted John T. Ford, a theater man from Baltimore, when he came here in the fall of 1891 seeking a location for theatrical purposes.

Ford leased the building for five years, beginning Dec. 10, 1891.

Just before 1892 ended, a disastrous fire left only the blackened walls standing. A more elaborate building was built, called

Concert Ends Current Season

BY MRS. MARSHALL LE BARON
The final concert of the current Community Concert season was presented Sunday afternoon at the Piler high school auditorium by Frances Archer and Beverly Gille.

To call these artists, whose repertoire is based largely on folk songs, "folk singers" would be a misnomer in the popular sense of the term. They have gone far beyond the usual folk singer and have created art songs from folk material. Their arrangements neatly avoid the pitfalls to which "artistic" folk songs are often prone.

The music has retained the mood and flavor endemic to it. The guitar accompaniments by Miss Gille were played not only with technical perfection and sensitivity of style, but also with unusual effect in some instances such as the samisen-like sound she created for the Japanese song "Sakura."

The first half of the program was devoted to songs from 12 different countries, each sung in the original language. Even without the brief explanation of each song, the extraordinary projection of mood created by the artists probably would have conveyed its general meaning.

To single out the most unusual or effective song in this group would be difficult. The beauty of their arrangement of the German "Wiegeliel," especially the

final lines, was outstanding. Miss Gille's vocal quality was eminently suited to all the songs and was exceptionally so in the Russian "To Nie Vieter Vistokoo Klonit."

The second half of the program was made up of American songs which ran the gamut from spirituals to blues to a cowboy medley. From this group, perhaps the "Railroad Blues" and "One of These Mornin's," could be singled out for special mention. In the latter, Miss Archer scaled the soprano heights with seeming effortlessness and great effectiveness.

It was an unusual concert, presented by artists who possess a high degree of musicianship, whose vocal techniques are more than equal to the varying demands of such an international repertoire, and whose personalities would delight any audience. They left little to be desired as far as precision of diction was concerned, even in fast patter, and the blending of their two fine voices was a delight to the ear.

Recipe for Peacocks?

PASADENA, April 13 (AP)—Any one for Pavan cristatus pie? The next question is "what's that?" Well, it's peacock pie, for which, it seems, no one has the recipe.

Several home owners in East Pasadena had the ingredients Sunday morning when a flock of peacocks—Pavan cristatus—descended on their neighborhood. Now the peacock is a beautiful bird, except when he opens his mouth. His call, if it can be called that, is a raucous screech, resembling the sound of a disabled jet engine.

The pea hen, his mate, speaks in similar tones.

A crew from the humane society spent several hours chasing the birds. They caught one.

The rest moved to the campus of nearby Pasadena city college, where the pursuit continued.

Where they came from, nobody knew, but officials suspected they were from the nearby Los Angeles state and county Arboretum.

Belgium's Doctors Are Mobilized

BRUSSELS, April 13 (AP)—The government claimed victory today over 10,000 striking doctors and said a mobilization order has restored the situation in the nation's hospitals to "near perfect."

Despite the angry statement of the doctors' leader that "the government cannot mobilize brains," more than 4,000 of the doctors were estimated to be on the job today.

Interior Minister Arthur Gillson said that aside from the hospital staffing, "more doctors are resuming visits to patients' homes"—action forbidden by the strike leadership and not covered by the mobilization order.

Gillson said 2,172 of the 3,600 doctors who hold reserve commissions already have obeyed the mobilization. He said those who "went underground outside Belgium" will be rushing home today, a reference to doctors who went on vacations abroad when the strike began.

There were reports, however, that the returning doctors were reporting for duty without their instruments. And as far as the leadership was concerned, the strike was still on.

The doctors went on strike April 1 to protest a new health law that will extend government controls over doctors' practices.

Heart Attack Takes Life of Frank Barron

BUHL, April 13—Frank H. Barron, 76, route 1, Buhl, died Saturday afternoon at his home of a heart attack.

He was born July 12, 1887, at Washington, Utah, and moved to Idaho in 1911 with his father and three brothers. They worked on the Twin Falls canal system. Barron moved to his farm south of Buhl in 1900. He married Esther Howard on June 8, 1918, in Twin Falls. He has been semi-retired since 1960, and was a member of the LDS church.

Surviving, besides his widow, are two sons, William H. Barron and Thomas F. Barron, both Buhl; one daughter, Mrs. Loyd (Virginia) McQuay, San Jose, Calif.; five sisters, Mrs. Ella Sheltz, Mrs. Isabelle Carlson and Mrs. Ida Smith, both Buhl; Mrs. Ruth Reading, Pocatello, and Mrs. Mary Gribble, Panaca, Nev., and eight grandchildren. Three brothers preceded him in death.

Funeral services will be held at 2 p. m. Tuesday in the Buhl LDS church with Bishop Don Watson officiating. Friends may call at the Albertson-Dickard funeral home until 1 p. m. Tuesday. Final rites will be held in the Buhl cemetery.

Officer Says He Is Being Forced to Retire

OMAHA, Neb., April 13 (AP)—Gen. Thomas Powers, head of the strategic command, said Saturday night in a copyrighted story in the Omaha World-Herald he is being forced to retire on schedule Nov. 30.

"I'm not quitting," Powers said, "they're asking me to leave." He has been commander in chief of SAC since July, 1957.

The chairman of the joint chiefs of staff, Army Gen. Maxwell D. Taylor has notified me I'm to be retired Nov. 30 and a new commander in chief of SAC will be appointed effective Dec. 1," Powers said.

Defense Firms Join Cost 'War'

WASHINGTON, April 13 (AP)—More than 1,000 major defense contractors have enlisted so far in the Johnson administration's cost reduction war, it was disclosed today.

There have been that many favorable replies from letters sent to 7,500 big contractors last December by President Johnson and Secretary of Defense Robert S. McNamara.

A little-noticed Pentagon program report circulated recently said:

"Indications are that industry's cost reduction efforts will provide the nation with a multi-million-dollar add-on to the department of defense's own 4 billion dollar cost reduction undertaking."

Short Course on Making Arrowheads Included in ISU's Museum Journal

POCATELLO, April 13 — A short course on how to make arrowheads — and some ideas which refute commonly held theories on the process — are given in the current issue of "Tebwa," the journal of the Idaho State University Museum.

Titled, "Heat Treatment of Silica Materials," the article is the first in a series of "Notes on Experiments in Flint Knapping" by Don E. Crabtree of Twin Falls and B. Robert Butler, research associate in the museum.

It is the first time the results of Crabtree's 30 years of research on flint knapping have been published, and the first publication of the idea that heat treatment was an important step in the making of prehistoric flaked implements, such as knives and projectile points.

Butler and Crabtree point out that for a long time the common belief has been that prehistoric peoples made their finer chip stone tools by heating native materials, then dropping water on the stones to shape them.

Professional archeologists have known this idea was wrong—that while dripping water on heated stones can cause fracturing, it is impossible to finely shape implements in this manner. This knowledge that water cannot do the shaping apparently led the professionals to disregard the whole theory.

Crabtree has found that the amateurs are wrong in their belief, but that the professionals are also wrong in throwing out the heat treatment idea along with the dripping water.

A retired U. S. department of

agriculture soils conservationist, Crabtree has spent the past 30 years working out a technique which he and Butler believe duplicates that used by prehistoric peoples in this area and possibly around the world.

He suggests that in making the implements the silica materials were first heat treated to improve their working qualities, then shaped with hand tools.

Crabtree became interested in flint knapping while at the Ohio State museum lithic laboratories in the 1930's. He noted that volcanic rocks, which have already in effect been heat treated, are readily worked in their native state, while the more coarsely fibrous and coarser microporous silica minerals commonly used by prehistoric peoples are extremely difficult to flake in their native state.

Through experimentation he found that if the silica materials are heat treated, they can be flaked with ease. Untreated, the materials are tough, relatively inelastic and will not withstand the necessary pressure for flaking, while after heat treating the same material has greater elasticity and will respond nicely to pressure.

Heat treatment also produces in the silica materials a distinct change in the texture and lustre and, often, the color.

Crabtree said he first observed this phenomenon at the Ohio State museum when he was studying prehistoric a distinctly greasy lustre, while the native flint from which they were made had a dull lustre. He tried heat treating

specimens of the native flint and found that such a change in lustre took place.

Since then Crabtree has pursued this idea, using first an old fashioned coal range and now a ceramic kiln. He has learned that the silica materials vary considerably in the length of time and amount of heat necessary to bring about the desired change and that great care must

be taken in cooling the materials after the treatment.

He also has worked extensively with flaking the heat treated materials and has become expert at both the pressure and percussion processes which it is believed prehistoric men used to carve their tools.

The authors of the "Tebwa" article believe that the prehistoric tool-makers broke chunks of the native material into smaller pieces, then embedded the pieces in sand or soil beneath campfires for heat treatment. After a few days the materials were removed from the ground "oven" and shaped.

Crabtree and Butler point out that their evidence is "by no means conclusive, but it would seem to point the way for further study of the problem."

"What were the geographic and temporal limits of heat treatment?" they ask. "Were all New World peoples familiar with the process? Did it also occur in the Old World? How long ago did prehistoric peoples discover the process?"

The archeologists believe that the answers to these questions may lead to important insights into the evolution of flint knapping technology among the various groups of prehistoric peoples, and could help archeologists in their continuing search for information on the relationship of groups of prehistoric peoples to each other.

The series of articles on flint knapping are edited by Butler from tape recordings made by Crabtree. In subsequent "Tebwa" articles other phases of Crabtree's work in the making of chip stone implements will be discussed.

Senator Says Shift in Power Brings Stability

GRINNELL, Ia., April 13 (AP)—Sen. Gale McGee, D., Wyo., Saturday told a mock Democratic convention at Grinnell college a worldwide shift in the balance of power has "brought stability to the world."

McGee, in a keynote address to Young Democrats, said the shift was reflected in the U. S. missile capabilities and the Moscow-Peking split.

The Wyoming Democrat condemned "peddlers of doubt" of America's strength and said they were "abetted by the instigators of fear and hate." He said "as leaders of the free world, we have to act with responsibility."

TV TODAY

MONDAY, APRIL 13

"The Lucy Show" (6:30 p.m. CBS)—Lucy turns up as a hospital helper in an effort to wheedle money from her banker, who is helpless with a broken leg. Unnerved by Lucy's bumbling demonstration of nursing care, he demands that she be kept away from him.

"The Andy Griffith Show" (7:30 p.m. CBS)—Barney goes to the local diner and meets a couple of femmes fatales who insist on getting a sightseeing tour of the Mayberry jail. Andy's chagrin is nothing compared to that of the boys' steady girl friends when they see the two hard-working lawmen in the company of two strange blondes.

"The Academy Award Show" (Special, 8 p.m. ABC)—It's that time of year again—when Hollywood's elite pack the Santa Monica Civic auditorium to see which of the year's best movies take the coveted little gold statues. Competing for Oscars in the "best movie" category this time are "How the West Was Won," "Lilies of the Field," "Cleopatra," "Tom Jones" and "America, America." Previous winners and upcoming stars of the future on hand to pass out the Oscars include Rita Hayworth, Rock Hudson, Julie Andrews, Gregory Peck, Ed Begley and Patty Duke. Anne Baxter, Shirley Jones, Frank Sinatra, Steve McQueen, Donna Reed and Sidney Poitier. Host is comedian-actor Jack Lemmon, who lost out last year in his bid for "best actor" of the year. The nominated tunes for "best song" of the year will be warbled by Andy Williams, James Darren and Debbie Reynolds. The British film, "Tom Jones," has most of the nominations this year (10) including three in the "best supporting actress" category.

Now you can get an 18-foot, two-ton Chrysler for less money than one of those jazzed-up compacts with a big car name on it.

Let's face it. You can't make a big automobile out of a compact (even when it has a big car name on it) no matter how many extra-cost options you add.

Right now, today, you can drive an 18-foot, two-ton Chrysler Newport sedan for less money and a lot less trouble.

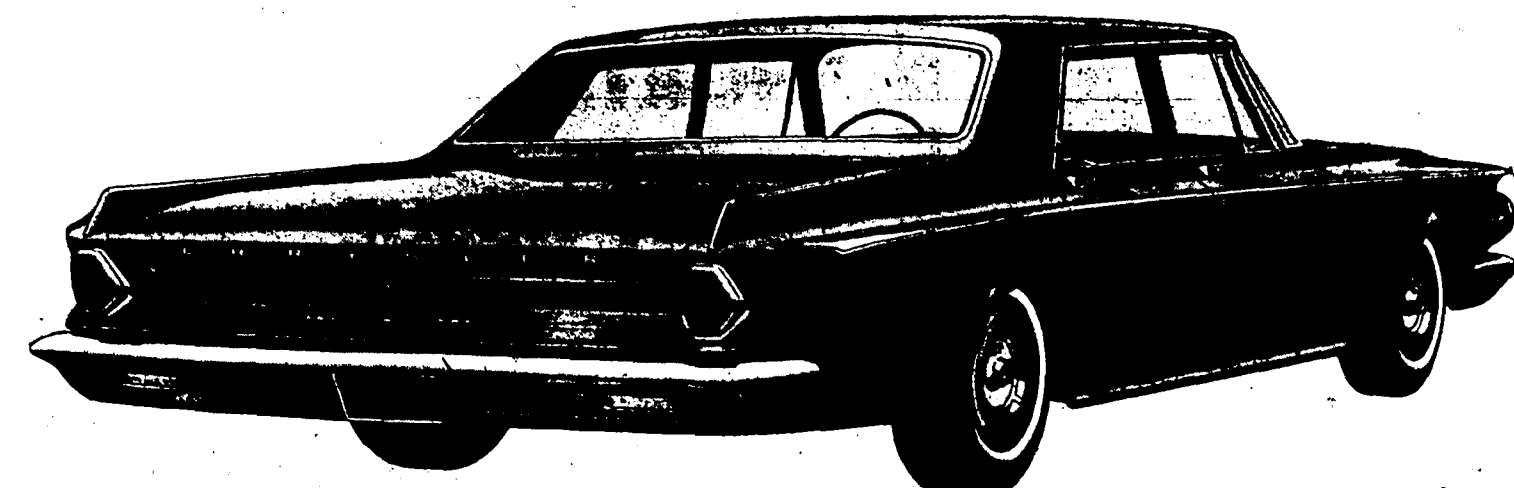

You'll get the room you want. Weight to handle

the road. Power for the tight spots. And the luxury you get only in a big car.

You'll get more value, too—things that cost you extra on a smaller car. Like a 361-cubic-inch V-8 that runs on regular gas. Foam-cushioned front seats. Padded dash. Sill-to-sill carpets.

So why settle for less than a Chrysler—now that price is no longer a factor?

Judy L. Dalos, Thomason Wed In Home Rites

BUHL, April 13—Judy Lee Dalos, daughter of Mr. and Mrs. Edwin Dalos, Buhl, became the bride of W. Bruce Thomason, son of Mrs. Phoebe Thomason and the late Bea Thomason, Jerome, in a double ring wedding ceremony solemnized in the presence of their immediate families by Bishop Grant B. Humphries of the Jerome LDS church.

The couple exchanged nuptial vows in front of a fireplace decorated with blue and white floral arrangements, flanked by blue candelabra with white tapers and beauty baskets of spring flowers.

The bride, given in marriage by her father, wore a white floor-length gown of Chantilly lace over net and satin. The fitted bodice of lace, highlighted with iridescent sequin trim, featured a small tailored collar and long lily point sleeves accented at the wrists with miniature self covered buttons.

A Victorian pointed waistline enhanced the bouffant tiered skirt which flowed into a chapel train. A Juliet cap of lace embellished with iridescent sequins and centered with a single tear-drop pearl, released her fingertip veil of bride's illusion.

The bride carried a white Bible, a confirmation gift from her uncle and aunt, Mr. and Mrs. Arthur Akland, Buhl, topped with an array of pink and white carnations adorned with white satin cascading streamers. She wore the traditional blue garter, made by her maternal grandmother, Mrs. J. B. Peterson, Buhl.

Her only jewelry was a wristwatch, a gift from the bridegroom, that had belonged to his grandmother.

Coral Dalos, sister of the bride, was maid of honor. She wore a street-length gown of medium blue orlon chiffon over satin designed with a full skirt and a cummerbund midriff, accented with matching jacket of orlon lace. Her corsage was of pink and white carnations.

Bridesmaids were Mrs. Rex Thomason, Jerome, who was attired in a white metallic sheath dress embroidered in gold and silver, and Mrs. LaVern Thomason, Magna, in a sheath dress of coral lightweight wool. Both are sisters-in-law of the bridegroom. Pink and white carnation corsages accented their ensembles.

Mrs. Raymond Ford, pianist, played traditional wedding music and accompanied LaVern Thomason.

The bride's mother selected a pink and white double knit sheath dress with pearl jewelry and black patent accessories. The bridegroom's mother chose an afternoon dress of pastel blue and white eyelet with white accessories. Each wore a corsage of pink and white carnations.

The bride's grandmothers, Mrs. Martin Dalos and Mrs. J. B. Peterson, accented their ensembles with corsages of pink and white carnations.

The Thomason residence in Jerome was the setting for the nuptials and open house reception which was held following the ceremony. The reception table featured a lace tablecloth centered with a four-tiered wedding cake. The cake, iced in white, was decorated with lavender roses, frosting hearts with net centers, white swan dividers and topped with a miniature bride and bridegroom against a background arrangement of white satin wedding bells.

The cake was baked by Mrs. Rex Thomason, Jerome, and decorated by Mrs. Carl Garner, Rupert. Mrs. Carl Dalos, Mrs. Medford Dalos, Mrs. Ed Schultz, all Buhl, and Mrs. Gene Glick, Wendell, all aunts of the bride, cut and served the wedding cake and presided at the punch bowl. Mrs. Peterson poured coffee.

Mrs. Rex Thomason and Pat Helms were in charge of the gift table, assisted by Dennis Dalos, brother of the bride; David Thomason, Rex Allen Thomason, nephews of the bridegroom, and Mrs. Joseph Klimes, Jr., Wendell, cousin of the bridegroom.

Ellen Kaye Thomason, Jerome, niece of the bridegroom, registered the guests.

Sylvia James, Dean Reveal Wedding Plans

MR. and MRS. Arthur E. James, Boston, Mass., announce the engagement of their daughter, Sylvia Ruth, to the Rev. G. Adrian Dean, son of Mr. and Mrs. Lionel Dean, Twin Falls. Miss James was graduated from the Shepard-Gill school of nursing and is on the staff at the New England Baptist hospital, Boston.

The Rev. Mr. Dean, a graduate of Stanford university, is associate pastor of the First Baptist church, Biloxi, Miss., and attends the New Orleans Baptist Theological seminary.

A May 29 wedding is planned.

Social Events

BUY YOUR NEW SPEED QUEEN
DURING OUR APRIL SALES CONTEST WITH FIFER'S FAIR, BOISE... AND SAVE!

Let's face FACTS

Most washers do a fairly good job of washing. But the big difference is dependability. Repair bills! Years of service!

Here are 2 Speed Queen dependability features that assure lower upkeep cost and longer life

1 Ball Bearings
Any spin tub shaft must withstand tremendous off-balance strain. Speed Queen assures extra years of service by putting in ball bearings top and bottom. (Not ordinary sleeve bearings.) Here is definite protection against repair bills.

2 Fluid Drive
Like the transmission in your car. Eliminates all strain and shock on mechanism to start spin. (A tub full of water weighs about 100 lbs.) The fluid drive assures a smooth pick-up of load at all times. Many a repair bill has been saved by this fluid drive.

SPEED QUEEN AUTOMATIC WASHERS — FAMED FOR DEPENDABILITY

Here are some more dependability features:

- Stainless Steel Tub (12 lb.)
- Porcelain Drain Tub
- Simple Transmission proved in 6,000,000 washers. 5 year parts guarantee (only Speed Queen has it)

Plus simplicity of operation: you have full charge of water temperature, speeds, cycle segments — everything. No "mystery" buttons. You are the boss.

PALMER WINS HIS FOURTH MASTERS TITLE

Palmer Tops Nicklaus, Marr by Six to Win His First 1964 Pro Tourney

AUGUSTA, Ga., April 13 (AP)—Arnold Palmer stormed back from the brink of has-been hollow and won his fourth Masters golf championship Sunday with a 72-hole score of 276 that stood off rousing surges by Jack Nicklaus, and Dave Marr. Nicklaus, defending champion, pre-tournament favorite and the golden prince chosen to usurp Palmer's slumping throne was late harnessing his powerful game but rallied with a blazing five-under-par 67 for a share of second at 282.

SWINGING PUTTER like a baseball bat, Arnold Palmer looks happy as he rolled in a long birdie putt on the 18th hole Sunday at Augusta for a 72 hole total of 276 and his fourth Masters victory. (AP wirephoto)

Palmer Gains Confidence After Victory

AUGUSTA, Ga., April 13 (AP)—Arnold Palmer, safely past the first hurdle on the never-accomplished grand slam of golf, was relaxed, happy and once again supremely confident.

"I think I'll go for them all," the muscular better from Latrobe, Pa., said Sunday after his overwhelming victory in the Masters, a record fourth.

He was referring to the PGA and the U. S. and British opens, a sweep that has yet to be made.

"I've entered the British open and, although I can't say definitely I'll play, I'm reasonably sure," he said. "If I win the U. S. open, I'll certainly play the British."

The Masters' triumph was a most satisfying one for Palmer, a record money winner last season but plagued with a variety of troubles this season. He hadn't won a tourney and his position as the No. 1 man in the game was in severe jeopardy.

"It was probably the single most exciting tourney win of my life," he said.

"When I stepped to the first tee for the opening round last Thursday, the question of how I would play loomed as large in my mind as it did in yours. So many things depended on this tourney for me."

Among those, of course, is the empire of associated business tie-ups and the commercial aspects of the game he has built up. Most important of all, perhaps, was his position as the game's top man.

Zirrow Tops Singles List

OAKLAND, Calif., April 13 (AP)—Mel Zirrow, a 21-year-old Milwaukee, Wis., bowler, who 10 days ago was wearing a back brace from an auto accident injury, crashed out a 727 series Sunday to take over first place in the regular singles standings at the American Bowling Congress tournament.

Zirrow's 248-237-243-727 passed the 709 rolled by Bruce Sherman, Lansing, Mich. Zirrow had only 581 in his team play Saturday night and scored 589 in doubles. His 1,897 all events total was good for 10th place.

Mazzinghi Stops Morales on TKO

MILAN, April 13 (AP)—Sandy Mazzinghi, the world junior middleweight boxing champion, making his first start since a tragic auto crash, stopped Holario Morales, Mexico, Sunday on a third round technical knockout in a non-title match.

Mazzinghi, a 25-year-old Italian, was making his first ring appearance since a crash two months ago in which he was injured and his bride of nine days was killed.

A crowd of 6,000 fans turned out at the open air stadium and cheered encouragement to Mazzinghi until the referee stopped the contest at 2:06 of the third round. The referee said the Mexican was "unfit to continue."

Goodwill Tour

TOKYO, April 13 (AP)—Miss Tokyo of 1964 left Sunday on a month-long goodwill tour of major European cities to publicize the Tokyo Olympics in October.

Yumiko Nakazaki, 20, is carrying souvenirs, messages and invitation letters to the Olympic from Tokyo Gov. Ryotaro Azuma addressed to various mayors in Europe.

She is scheduled to visit Copenhagen, Helsinki, Hamburg, Berlin, Amsterdam, London, Paris, Geneva, Rome and Athens.

Hawks Rip Warriors to Tie Finals

ST. LOUIS, April 13 (AP)—The St. Louis Hawks tore by San Francisco in the first half and breezed to a 123-85 National Basketball Association victory that evened the Western division final playoff Sunday night.

The teams, tied at three games each will meet Thursday in San Francisco for the final contest. The winner meets Boston, the Eastern division champion, for the NBA title.

The Hawks barged to a 59-33 half time lead hitting 50 per cent from the field and they never let up. Many of the points came on fast breaks set up by stealing the ball from the big Warriors who could do nothing right.

San Francisco's offense was stymied as Wilt Chamberlain, content to pass off, took only eight shots and scored only eight points in the half. The rest of the Warriors did little better connecting on only 25.5 per cent of their field shots, and 41.2 per cent of their free throws.

By the time Chamberlain, who finished with 34 points, began shooting after intermission, it was too late. The Warriors never closed the gap.

A brief scuffle enlivened the first quarter as players from both teams milled under the Hawks' basket. Wayne Hightower of the Warriors and the Hawk's Zelmo Beaty first squared off, but Hightower was dragged away by his own players. Teammate Al Attles continued with Beaty who apparently was shoved to the floor. St. Louis Coach Harry Gallatin and Chamberlain also had words before play reopened.

Marr, closing brilliantly, got a birdie three on the final hole to tie Nicklaus.

Palmer leading at every hole with rounds of 69, 68, 69, faltered momentarily—his putting nerves shaken—but found the magic formula to the closing stretch of holes which has become known as Palmer's boulevard for a "climactic 70."

Only four shots ahead of Nicklaus, with six holes to play, Palmer the muscled charger from Latrobe, Pa., birdied the 13th and 14th in quick succession, then slipped to a bogey five on the 17th.

But he came in with a long birdie putt on the 18th for his first tournament victory of the year and the second largest winning margin in Masters' history. Curry Mischke's seven-stroke rout in 1955 is the biggest.

In becoming the first man to win four Masters, Palmer missed by only two strokes matching the tournament record of 274 set by Hogan in 1953 and by one shot of duplicating Middlecoff's performance.

Hogan, 51, came out of semi-retirement to thrill Augusta National course galleries with a final 72 for 287. At moments—especially Saturday when he shot 67—he looked like the Hogan of old.

The victory was worth at least \$20,000 to the golfing capitalist, and sent his official money winnings past the half-million mark, making him the most prosperous golf collector of all time.

It was figured to be worth at least a half million in fringe benefits to the newly formed Arnold Palmer company and his many other enterprises.

Outside of Nicklaus and Marr, only Bruce Devlin, the skinny master plumber from Canberra, Australia, made a lunge at Arnie's lead—but it was a timid one. He fired and fell back.

Devlin, playing 45 minutes ahead of the champion, rang in birdies on the first two holes, but bogged numbers four and five. He hooked his approach in the water at number 11 and this dashed any hopes he might have had. He finished with 73 for 284.

Jim Ferrier, 40-year-old former Australian, had a 73 for 286 and a tie with Bill Casper, 79; Paul Harney, 70, and Gary Player, South Africa 73.

It was a deeply satisfying triumph for the 34-year-old Palmer, who had failed to win a major tournament in 1963 and who had been victoryless this year.

"I've won the Masters before," Palmer said, "but I never really was sure that I won it decisively. This time I planned and worked at it for four days and it worked pretty well the way I wanted it to. I feel like this time I had a little more to do with it."

Local Dog Wins Picnic Field Trials

Wolfslee-Radbach Koko, owned and handled by Bob Burton, Twin Falls, placed first in the open puppy state during the picnic field trials of the German Shorthaired Pointer club of Magic Valley Sunday at the Jerome airport.

In the open all age stake first place went to Freckles v. d. Kilsig, owned and handled by Mrs. Char Wilkinson, Twin Falls, with Baggon's Dixie Pup, owned and handled by Don Barton, placing second. Third was Zeus v. d. Radbach, owned and handled by Dr. Max Wilkinson, Twin Falls.

Second place in the puppy stake was won by Wolfslee-Radbach Herta, owned and handled by Don Barton, Twin Falls, and Zeke, owned and handled by Ray Newman, Jerome, was third.

Judges for the trial were Leo Malberg, Jr., Art Greener, Bob Burton, all Twin Falls, and Tom Sanders, Hansen. Approximately 24 dogs were entered in the trial. The purpose of these picnic trials is to study up the older dogs, teach them to honor point and retrieve and to let the younger dogs see what it is all about.

Tradition

CINCINNATI, April 13 (AP)—The Cincinnati Reds and the Houston Colts will get the 1964 National League baseball season off to a slightly premature start here Monday, thus preserving a tradition that goes back to the origin of the league.

Cincinnati, as the home of the first Professional baseball team, always is allowed to open its season at home—even in years when the team ordinarily would open on the road.

The only break in that tradition came in 1887 when several days of rain interfered and the manager and second baseman, John Biddy McPhie had to take his mustachioed athletes to Louisville by boat to play the opener in the then American association.

All other clubs in the league will play their openers Tuesday.

Maple Leafs Confident of Cup Finals

TORONTO, April 13 (AP)—The Toronto Maple Leafs, who had the Indian sign on the Detroit Red Wings in regular season play, had added confidence Sunday after winning the opener of the Stanley cup final 3-2 Saturday night.

Detroit Coach-General Manager Sid Abel conceded his club has an uphill fight if it hopes to take the best-of-7 series which resumes here Tuesday night.

Toronto had an 8-3-3 record with the Wings through the regular National Hockey league season. It was the widest margin any club held over the Detroiters. Gordie Howe who had been held scoreless in 14 regular season games against the Leafs, finally netted his first goal against them in the Stanley opener, but it was overshadowed by spectacular dash by Toronto's Bobby Pulford.

The Leafs were playing short-handed with the score tied 2-2 and only two seconds of play left when Pulford thrilled the 14,075 fans as he grabbed a loose puck near the Detroit net and went all the way for his winning score.

Detroit, trying to take advantage of its extra man, had been buzzing around Toronto goalie Johnny Bower when Pulford pounced on the puck and outskated Howe, Norm Ullman and Alex Delvecchio in his winning dash.

The Wings who lost the first two games of the Stanley cup final in Toronto last season and ultimately lost the championship 4-1, had banked heavily on winning the opener Saturday.

Miss Haynie Breezes to Tourney Win

BATON ROUGE, La., April 13 (AP)—Front-running Sandra Haynie, widening her lead despite a one-over-par 73, breezed home a five-stroke winner in the \$7,500 Capital City open golf tournament Sunday.

The little suntanned blonde from Phoenix, Ariz., dropped a 28-foot uphill putt on the 18th green to close out with a 211 total for the 54 holes.

It was the fourth LPGA victory for the 20-year-old putting ace, who held a four-stroke advantage at the start of the final round. This is her fourth year on the tour.

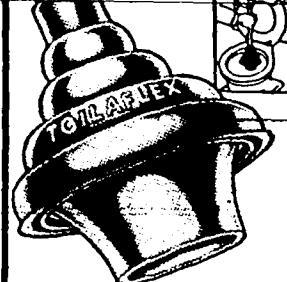

Kathy Whitworth, Jal. N. M., first round leader, had a 74 for a 216 total. Mickey Wright, Dallas, Tex., 1963 top money winner, fired a 70 for a 218 windup.

"It feels just wonderful," 5-foot, 3-inch, 105-pound Miss Haynie said. "It's my first win of the year."

Miss Haynie, whose second round 69 was the tourney low, opened Sunday's play with three straight birdies. She bogeyed the fourth and double bogeyed number eight for an even par 37 on the front nine.

Except for a bogey on the 12th, she matched par on the back side for a 36.

Finley Trying to Be Nice, but Has More Moves Planned if "Porch" Goes

KANSAS CITY, April 13 (AP)—Associated Press whether he might be planning another porch in left field where the Yankee homer distance is 301 feet, he snapped "no comment."

He promised an announcement Monday on his next move.

The point of the V-shaped plywood fence here is 296 feet but it is a scant two feet in fair territory. It is 44 inches high, the same as the wall in New York.

Finley contends his porch is legal under Section B of baseball rule 1.04 which says existing stadiums shall not remodel after 1958 to reduce the distance from home plate to the foul poles.

"This thing goes deeper than just the porch," Finley said. "It's the principle of the thing. I want to see the Yankees brought in line for the first time in 40 years. I'm trying to help baseball. Yankee domination of the league could reach the point of no return. As it now, it would take years to build back the interest."

Finley said he wanted "to give Mr. Cronin and Mr. Frick the courtesy of a phone call first before I make another move."

"This is more than they gave me. I use the telephone. Sending telegrams exclusively is like the dark ages."

The white-haired insurance executive would give no hint of his next move. Asked by The

below 325 feet. His pennant porch is 325 feet at the foul pole.

Finley said the intent of the rule, may have been to prohibit homers less than 325 feet.

"But I can't operate on intent."

He charged the Yankees are also violating the spirit of the rule.

Mountain Home Twosome Top Doubles, Bow Tops State Tourney Singles

Jim Johnson and Walt Hood, Mountain Home, lived up to their expectations Sunday as their score of 1,339 gave them the trophy for first place in the doubles event of the Idaho state bowling tournament. Don Bow, Caldwell, was the top singles bowler with a 745 he rolled during the seventh week-end to replace Bill Hatch, Idaho Falls. Johnson and Hood moved into first place during the second week-end of the largest state tourney ever held and have remained there since then. Bow not only replaced Hatch in the singles handicap but he tied his 700 scratch game.

Giants, Twins Top Exhibition Leagues

San Francisco and Minnesota closed out the spring exhibition season with victories Sunday and won the Grapefruit league titles in their respective leagues. The Giants came from behind for a 7-6 victory over Cleveland—the Minnesota Twins clinched the American league crown, beating Detroit 3-1.

The Los Angeles Dodgers and the New York Yankees, pre-season selections for the regular season pennants, finished far out of the running. The world champion Dodgers wound up ninth in the National and the Yankees placed fourth in the American. Cap Peterson's pinch-hit double in the ninth inning brought the Giants their 13th triumph in 14 games with Cleveland. The hit came off Chuck Hiller, who had scored and advanced to second on Matty Alou's single. The Giants had tied the game with two runs in the eighth.

Minnesota got a home run from rookie Tony Oliva in the third and a clutch triple from Zoilo Versalles in the seventh for its victory over Detroit.

The Dodgers managed just five hits off three Los Angeles Angels pitchers in losing 5-0. Dodger hurler Johnny Podres faced only four hitters before leaving the game with a strained muscle in his left elbow.

Home runs played a major role in three of the games on the final practice tour. George Williams' two-run homer climaxed the seventh-inning rally and carried Kansas City over St. Louis 4-2. The homer went to left-center, leaving Charles O. Finley's "Pennant Porch" still untouched.

The Chicago White Sox powered their way to a 14-10 victory against Cincinnati behind the three-run homers of Dave Nicholson and J. C. Martin. Deron Johnson slugged a pair of homers for the Reds.

Ernie Banks crashed a three-run homer and Billy Cowan a solo four-bagger as the Chicago Cubs downed Boston 6-3 for the 11th time in 13 games. Banks blew home after Ed Bressoud lifted an easy grounder in the fifth.

Philadelphia nipped Baltimore 3-2 on John Briggs' pinch-hit triple and a squeeze punt by Tony Taylor in the 10th inning. Washington edged Pittsburgh 6-7 with two eighth-inning runs. John Kennedy tripled and scored a double by Jack Phillips, who then came around on two fly balls.

In other games, Salt Lake City squeezed by Milwaukee 6-5, of the Pacific Coast league, and Richmond of the International league got by the New York Yankees 3-2.

Senate Teams Up With DA, Probe Boxing

WASHINGTON, April 13 (AP)—Sen. Kenneth B. Keating, R., N.Y., disclosed Sunday a senate investigating group has teamed up with the district attorney's office in New York county, N.Y., in probing reports of underworld infiltration of boxing.

Spokesmen for the senate anti-trust and monopoly subcommittee, on which Keating serves, confirmed they have sent staff investigators to New York at Keating's request. But they said this does not necessarily mean a reopening of the subcommittee's hearings on boxing.

The subcommittee has just concluded hearings on secret financial dealings between heavyweight Cassius Clay and Sonny Liston, whom Clay dethroned in their controversial bout last Feb. 25.

Keating, in a taped program for television broadcast to his constituents, said the hearings have shown "definite tie-in" between racketeers and big time boxing.

The big money flows more often to these behind-the-scenes influences than to the men who take the pounding in the ring, Keating said.

Subcommittee spokesmen said staff aides are conferring with New York county authorities seeking evidence which might be used in a postscript to the subcommittee's official record of hearings. They said this could be done by collecting sworn statements or through official reports from the staff investigators on what they had learned.

Sox Sends Two More to Minors

INDIANAPOLIS, April 13 (AP)—The Chicago White Sox trimmed two more men off their roster Sunday when they sent first baseman Grover Deacon Jones and pitcher Camilo Esteve to their Indianapolis farm club in the Pacific Coast league.

Jones was returned to Indianapolis on 34-hour option while Esteve was outrighted and the now must go through the winter draft before the White Sox can put him back on their roster.

Philippines Win Eastern Finals

MANILA, April 13 (AP)—The Philippines completed a 5-0 sweep over Japan Sunday and advanced to the finals of the Eastern Davis cup competition. The winners will meet India in the finals April 24-26 at Manila.

The veteran Felicisimo Ampon, 44, in his 25th year of Davis Cup competition, defeated Koji Watanabe 6-2, 6-4, 3-6, 4-6, 6-0. Raymundo Deyro, 37, another veteran of many competitions, easily disposed of Osamu Ishiguro 6-1, 6-1, 6-4.

Smildsin Leads Russian Victory

GALLUP, N. M., April 13 (AP)—Skaldite Smildsin, 6-foot, 2-inch center on the Soviet national women's basketball team, led her squad to an 84-39 victory Sunday over an American team.

Miss Smildsin combined five field goals and four free throws for 14 points in the victory over the Topeka, Kans., Boosters.

The Americans came to life in the second half. Patsy Neal, unable to score in the first period hit four field goals and six of six free throws to pace a Topeka rally with 14 points.

Surtees Drives Ferrari to Win

SIRACUSA, Sicily, April 13 (AP)—John Surtees, Britain, drove a new model eight Ferrari to victory Sunday before 70,000 fans in the Gran Prix of Siracusa, a warm-up for the international racing season.

Lorenzo Bandini, Italy, was second in a 1963 six-cylinder Ferrari and Peter Arundell, Britain, was third in a Lotus. They were followed in order by Joakim Bonnier, Sweden, Chris Amon, Britain, and Mason Gregory, Kansas City.

The Formula 1 race does not count in the competition for the 1964 world drivers' championships which begins with the May 10 race at Monaco.

Emerson Gets Sixth Tennis Tour Title

ST. PETERSBURG, Fla., April 13 (AP)—Roy Emerson, Australia, captured his sixth Florida-Caribbean tour tennis title Sunday, defeating Frank Froehling, Coral Gables, Fla., 6-3, 6-4, 6-2 in the St. Petersburg Masters.

Emerson has lost only one tour match since being suspended by the Australian Lawn Tennis association for not returning to play in home competition. His only defeat occurred in Caracas, Venezuela.

Froehling, No. 3 seed who upset Emerson in grass court competition earlier this year, was unable to duplicate his feat on clay courts here.

Number one woman seed, Nancy Richey, 21, Dallas, Tex., remained undefeated by overcoming Nancy Alvarez, 21, Tampa, 6-3, 6-4. Miss Alvarez was seeded number three.

Miss Richey is number three in U.S. rankings and scored her third victory in three tournaments. Miss Alvarez is number six nationally.

In doubles play, Emerson and Ken Fletcher, Australia, defeated Bora Jovanovic and Nicola Pilic, Yugoslavia, 6-2, 8-6.

In women's doubles, Miss Richey and Karen Susman, San Diego, Calif., defeated Francois Durr, France, and Miss Alvarez 6-1, 6-2.

Open Season

WASHINGTON, April 13 (AP)—Los Angeles and Washington open up the 1964 American league baseball season Monday with a helping hand from President Johnson and a friendly nod from the weatherman.

The Angels and Senators brought up the rear of the American league, in ninth and 10th places respectively, last season. Both are hoping for better things this season.

A crowd of 45,000, heavily seasoned with blizzards from politics and government, is expected in D.C. stadium to see the two expansion teams—both organized when the league went to 10 teams in 1961—meet for the first time in an opener.

It will be Johnson's first starting assignment as President. He told reporters Friday he was "an old first baseman," but promised to do an effective job in launching the baseball season.

Women Set Doubles Record in Idaho State Bowling Tourney

IDAHO FALLS, April 13 (AP)—A new scratch doubles record was set and new leaders took over in the handicap doubles and the handicap all-events in the second week-end of the 21st annual Idaho women's state bowling tournament here as play wound up Sunday. Rot Runz and Nona Murphy, Idaho Falls, rolled an 1,124 scratch doubles score to eclipse the record of 1,115, which was tied on the first week-end of play. Hazel Caywood and Toby McDowell, Nampa, moved into the lead in the handicap doubles with a 1,285. That pushed Joyce Rein and Bess Beck, Pocatello, the first week-end leaders with a 1,280, into second spot. The pair had also led the scratch doubles in the first week-end tying the record.

Lou Hessler, Jerome, is the new handicap all-event leader with a 1,927.

Arlene Holley, Rexburg, continued to pace the handicap singles with a 698. The best effort of the second week-end was made by Charles Pritchard, Boise, who was moved into third with a 692.

Begland's brake shop, Twin Falls, is still the handicap team leader with a 3,023 with only the eighth through tenth place teams being replaced in the second week-end.

Joyce Rein continues to lead the scratch all-events and the optional scratch all-events with a 1,652. Her high game of the tournament, 234, was tied by two other entries, Bonnie Lampe, Caldwell, and Betty Farris, Blackfoot; however, these were rolled in the doubles and team events.

Mary Lee Marrs, Idaho Falls, maintained her 576 scratch singles lead through the second week-end.

Adria Clary, Idaho Falls, took the lead in the special 600 club tournament with an 852 4-game total. That included lines of 173, 184, 200 and a remarkable 275. The 852 bettered the mark of 792 set last year.

The tournament will continue for four more week-ends and is being bowled at three different Idaho Falls bowling establishments.

Idahoan Cops Slalom Crown

SQUAW VALLEY, Calif., April 13 (AP)—Ron Funk, Sun Valley, Idaho, captured the class I slalom championship Sunday on the final day of the National Veterans ski championships.

Funk turned in an overall time of 05.7 in two trips down Olympic slope K-22 to beat Philip Seaborn, Seattle, Wash., 06.3, and Tom Dempsey, Mammoth Lakes, Calif., 08.6.

Two Top Skiers Are Killed in Avalanche

SAMEDAN, Switzerland, April 13 (AP)—Wallace (Bud) Werner, one of America's top ski racers, and a West German women's champion perished while making a sports-fashion movie Sunday in one of three avalanches of wet snow that thundered down Alpine slopes. In all, 31 skiers were trapped and seven of them, all believed to be Swiss, were missing.

Killed with 28-year-old Werner, who retired from competition in March, was Barbara (Barbi) Henneberger, 23, a member of the German Olympic team at Innsbruck in January.

Switzerland's Torsee Obrecht and West German ski ace Burgi Faerberger were buried but saved by rescuers. Thirteen others in the movie-making party also were swept down the slope by the avalanche but dug themselves out.

Another avalanche occurred at Ueschach in Central Switzerland burying a ski group from which the seven were missing.

The third avalanche came down a 9,338-foot slope in Eastern Switzerland. Authorities there said seven of this ski group were rescued. They said the skiers ignored avalanche warnings.

The sports-fashion movie was being made by manufacturer Willy Bogner, sr., Munich, a relative of ski racer Willy Bogner, on the slopes of this Western Switzerland town near the Italian border.

The skiers were crossing a steep slope when the wet snow suddenly gave way and roared down the mountainside carrying them along.

Rescue work began immediately.

Werner, who made his home in Steamboat Springs, Colo., was credited with being one of the chief forces that made the United States a serious competitor in international skiing. But he never won an Olympic medal.

Miss Henneberger's body was found three hours after the accident eight feet deep. Werner was found an hour later, 10 feet deep. Their bodies were flown down to the Samedan district hospital.
